

Living at Notre Dame

Incoming fellows are responsible for finding and securing their own housing for the duration of the program. The cost of housing and living expenses are not included in the ILI fees. Most fellows choose to rent an apartment, townhouse, or home within easy walking distance of the Notre Dame campus. We hope these housing resources are helpful as you consider living options during your year as a fellow in the Inspired Leadership Initiative.

Factors to Consider When Renting

- Is the unit furnished? If so, ask what is provided.
- Dishware, kitchen utensils, bedding are typically not provided, but may be rented at some properties or through [CORT](#), a company providing furniture rental.
- Will you have a car while at Notre Dame? If so, covered parking is recommended.
- How close do you want to be to campus?
- Is it appealing to you that other members of the cohort will live nearby?
- Most leases are for 12 months; at some properties, 10-month leases have been offered.

Overlook at Notre Dame

www.overlooknd.com

Located just east of campus, Overlook is an option with furnished units and the option of adding amenities (such as dishware, bedding, etc.). Overlook requires a 12-month lease, but subletting is an option. (No undergraduates.)

University Edge

University Edge is north of campus, and not in walking distance, but a private shuttle service and extras, such as a swimming pool, outdoor grilling area, and other social space, have made it an

appealing choice for ILI fellows. University Edge requires a 12-month lease, with an option to cut it to 10 months for a \$100/month fee. (This property does rent to undergraduates.)
